The Class of 1987 gratefully gives special recognition to Mrs. Diane Gowdy, our other Senior class Advisor, who contributed her time, patience, and support throughout our high school years.

Junior Prom 1986

In September of 1983, we arrived at the new resort. We, the beginners, surveyed the four hills we eventually would face, and boarded the ski-lift which took us to the summit of the first, the Bunny Slope. The resort manager, Mr. Phillip Morton, and co-manager, Mr. Salvatore Saitta, welcomed us. We began our descent, nervous and tentative, accompanied by instructors, Mr. Pete Anderson and Mrs. Diane Gowdy, and led by Robert Wyse, Theresa Cushman, Patty Donahue, and Clem Wiekrykas and prepared to face our first obstacle — the annual Pep Rally. We demonstrated a strong effort with “Mr. P. Wants You” but, unfortunately, we came in fourth. Finally, slightly worse for wear, we made it to the bottom of the first slope.

We began our second year on the higher summit of the Intermediate Slope, this time we showed more control and confidence grew with our increasing momentum as we descended. Led by Tom Ceppetelli, Theresa Cushman, Clem Wiekrykas, and Patty Donahue and were once again coached by Mr. Anderson and Mrs. Gowdy, we faced the 2nd obstacle with “Panthers Go For The Gold” and placed a victorious second.

In our third year, we rode the ski-lift higher still to the Advanced level. This time we were led by Thomas Ceppetelli, Theresa Cushman, Donna Jackmauh and Danny Hawks and placed an impressive second in the Pep Rally with “Panthers — King of the Jungle.” Our achievement was celebrated by a prom, held at the Windsor House, where Susan Slywa was declared Prom Queen. We were now able to descend the hills with little trouble and looked forward to the fourth and final hill, which had once seemed impossible distant.

As experts, we rode the last and longest ski-lift to the summit of the final mountain, led by Theresa Cushman, Thomas Ceppetelli, Donna Jackmauh, and Dan Hawks. The class held a successful magazine drive to raise funds towards new equipment and events. We descended that final slope with confidence and courage, knowing we had mastered the challenges, which had been offered to us. As we move forward, we look back to what we were, and forward to what we will become.

CLASS MOTTO: "Do not follow where the path leads, rather make
your own path and leave a trail."

CLASS SONG: "You've Got A Friend" — James Taylor

CLASS POEM: The Road goes ever on and on
Down from the door where it began.
Now far ahead the Road is gone,
And I must follow if I can,
Pursuing it with eager feet,
Until it joins some larger way
Where many paths and errands meet.
And whiter then? I can not say
— J. R. R. Tolkien

THINK

If you think you are beaten, you are.
If you think you dare not, you don't.
If you like to win but think you can't
It's almost certain you won't.

If you think you'll lose, you've lost
For out in the world we find
Success begins with a fellow's will
It's all in the state of mind.

If you think you're outclassed, you are.
You've got to think high to rise
You've got to be sure of yourself before
You can win any prize.

Life's battles don't always go
To the stronger or faster man.
But sooner or later the man who wins
Is the man who thinks he can.

LIFE

You never know how good you have
it
Until that good is gone,
To be able to watch the sun go
down
Or to see the break of dawn.
To be able to go to parties
Or invite over a friend,
Those were all the moments
You thought would never end.
But sometimes something happens
That seems to get in the way,
You may not like it,
But you don't have any say.
Someday this will all pass
And all bad things disappear.
Remember when you're feeling
down
And your world seems to be falling
apart,
Life is the most important thing
You should treasure it with all your
heart.

A Conversation With Anna . . .

Anna Sundström, born in Helsinki, Finland on April 15, 1967, is an exchange student at East Windsor High School. She arrived on Sept. 22, 1986 and will return home on July 30, 1987.

YB: What does the United States mean to you?

AS: The United States symbolizes many things. To me, when I think of the U.S., I think of freedom, McDonalds, Coke, and the possibilities. Everyone at home wants to come here. They think of all the friendly people and no restrictions.

YB: What do you think of the tourist attractions here in the U.S.?

AS: New York City was a blast! All the different people there was quite a sight for me. I've never seen skyscrapers, streets during rush hour, the Statue of Liberty, and the Empire State Building. Florida was a lot of fun also. Avon Park, Ft. Lauderdale, West Palm Beach, and Disney World were awesome. It felt good to be there in freezing weather. The attractions here are a lot more fun with more friendly people, including guys.

YB: Why did you decide to come here to live for a year?

AS: I came because I had to see what it was like for myself. You see and hear all the things associated with America at home and it makes you want to come here and experience it first hand. I wanted to see how the schools were different, and how the families and people were different from home. I would like to come back some day, maybe even to go to college. I would really like to come back and go to a reunion here.

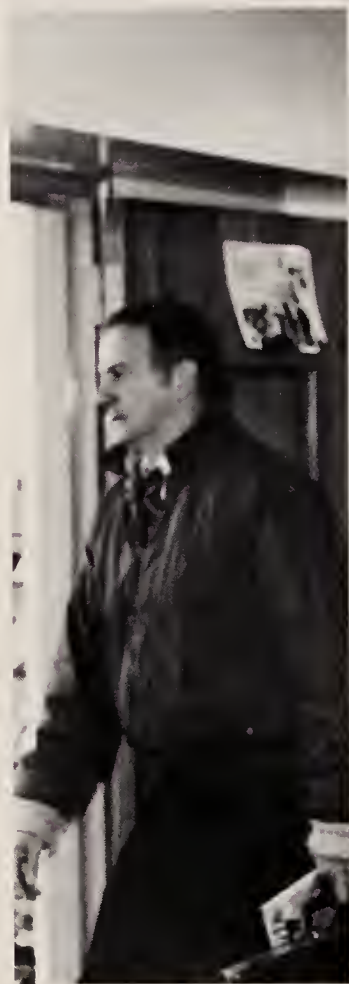

YB: What one thing would you really like to do before you leave for home?

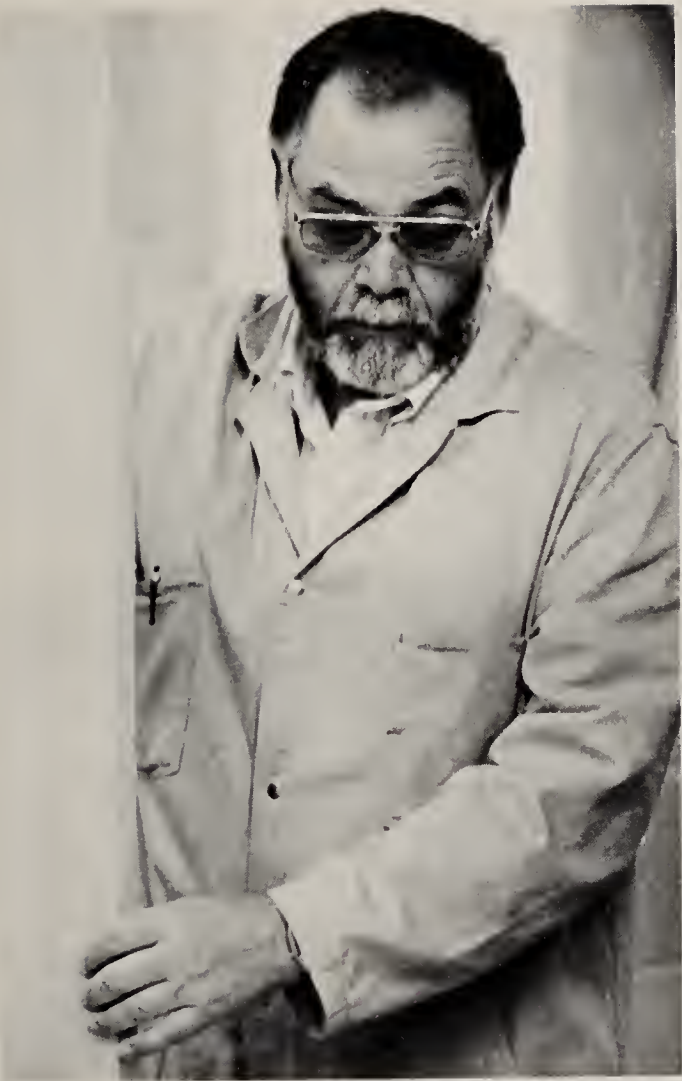

AS: I would like to have a crazy "good bye" party with my friends.

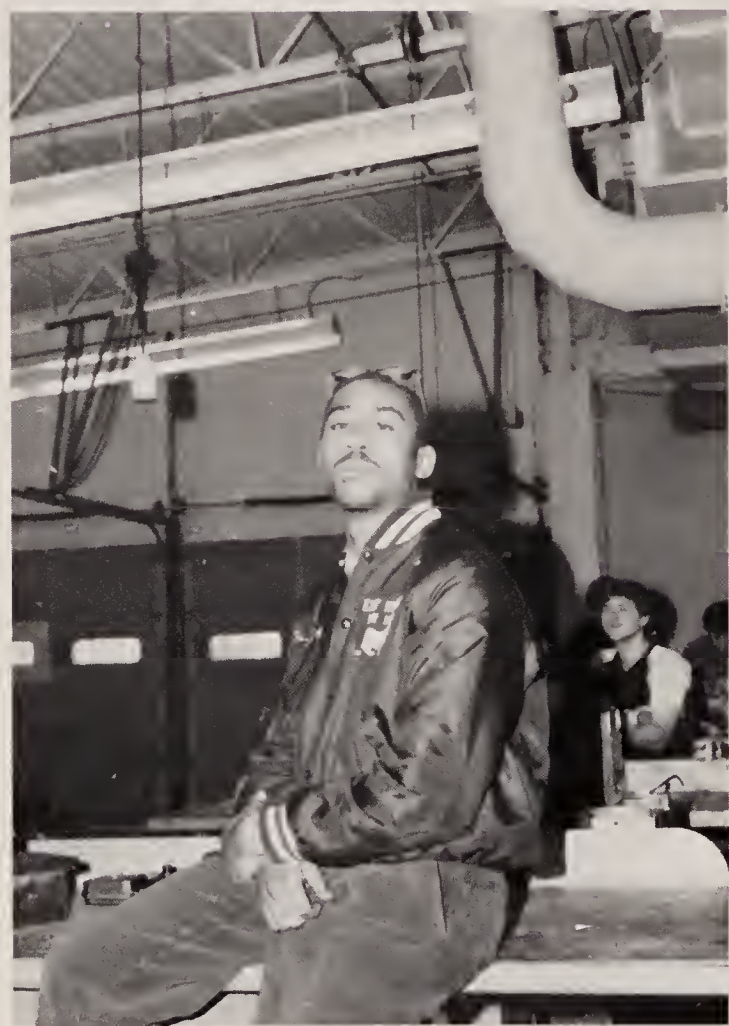

Anna would like to give special thanks for all the good times and enjoyment she has had with her new friends here. Their courteous reception and friendship during her stay in America will be remembered forever. Not only has her life changed by her stay in America, but our lives as well. We admire your courage and as you will never forget us, we too will never forget you.
